The following changes, additions or deletions shall be made to the following Contract Documents. All other conditions shall remain the same.

A. CLARIFICATIONS

1. QUESTION: Please confirm that the questions in Section 6 / Safety Record of the best value questioner apply to the general contractor’s employees only.
   ANSWER: Yes

2. QUESTION: Section 3, Part A - Demonstrated Management Competency instructs that narratives “shall be no more than a half page in length,” yet the requested narratives and corresponding page limits for each section do not support this. For example, Section a. Approach and Competency Managing Preconstruction Services has (4) narratives with (2) page maximums, including requested samples. However, Section b.       ANSWER: Each requested narrative should be no more than a half page.

   b. Please also confirm that sample documents (in all sections of the RFP) will not be included in the page count of each section.
      ANSWER: Samples must fit into page maximum and may be excerpted and reduced in size to comply with required page maximum.

   ANSWER: No. A detailed site survey will be commissioned in January, 2014

4. QUESTION: Are there any underground utility studies available for review?
   ANSWER: See “Information Available to Bidders” folder using this path: Information Available to Bidders\utilities\111017 jacobs utility drawings.msg
